Basic Detail Report

Club

Date

1770-1800

Medium

Wood

Description

Patto-patto or hand club of wood. It has an oval end tapering to the handle, which is carved in the form of the head of an eagle. Brown in colour, painted with black spots. From Nootka Sound. Similar clubs, made of whale bone, were collected on Captain Cook's third voyage. North West Canada. Nootka Sound.

Dimensions

Object/Work: 575 x 75 mm
