# Basic Detail Report

## Bracelet

### Date

1790-1820

### Medium

Coconut shell, coconut fibre

### Description

Bracelet made from coconut shell carved with zig-zag motifs. It would have been worn on a man's wrist to protect against being struck by a bowstring, or on the upper arm. This type of ornament is very old and examples were collected during Captain Cook's voyages.

### Dimensions

Object/Work: 45 x 85 mm
