

# Basic Detail Report

## Barkcloth

### Date

1800-1900

### Medium

Barkcloth

### Description

Plain white piece of medium weight barkcloth from Hawaii. The marks of the tapa beater cross the surface on the diagonal.

Barkcloth is a material made from the bark of trees in the Moraceae family. The inner bark is beaten into sheets which are then made into items.

### Dimensions

Object/Work: 160 mm
