

Basic Detail Report

Spoon

Date
1700-1902

Medium
Wood

Description

Spoon carved of light coloured wood. The bowl is shallow and oval. The bottom of the spoon bowl is decorated with a concentric pointed oval or hour-glass shaped design incised into the surface. Alternate areas are dark; having been either stained or charred. The top of the spoon handle has a thin strap of hide wound round it three times and knotted with a short loop.
