

Basic Detail Report

Fish-Hook

Date
1700-1840

Medium
Shell, fibre

Description
Meduim fish hook of rough pearl shell, pointed at both ends, the end perforated with round holes to admit the line. The hook is made of the same pearl shell as the shaft, plainly butted on the lower end of the shaft and neatly attached to it by lashings of fine twisted fibres. Maori.

Dimensions
Object/Work: 80 x 30 mm
