

## Charm-Necklace

**Date**  
1870 - 1916

**Primary Maker**  
Edward Lovett

**Medium**  
Amber, string, metal

### Description

Amber necklace worn as an amulet for good health. It consists of irregular opaque red amber beads, widening at the end, strung together and fastened with a metal clasp. Similar necklaces are worn on the shores of the Baltic where amber is largely found.

### Dimensions

Object/Work: 145 mm
