

Cup

Date

1500-1600

Medium

Earthenware

Description

Earthenware cup with a green glaze. Tudor Greenware. It has a circular base and neck, and circular bowl (half missing). There are 3 raised lines around the bowl forming a stepped effect around the cup, and a lipped rim. A cup such as this would probably have been used for drinking fortified wine. Found at Cannon Street Station in 1869. London.

Dimensions

Object/Work: 131 x 92 mm
