

Basic Detail Report

Snuff-Grater

Date

1650 - 1750

Medium

Ivory

Description

Shoe horn-shaped object. It is carved with the sun in splendour, a figure of a lady in clothing of the period, and a bowl of flowers. It has a perforated narrow end. It would have been the back of a snuff grater - an object used to prepare powdered tobacco or snuff.

Dimensions

Object/Work: 140 x 40 x 15 mm
