

Basic Detail Report

Dish

Date

1800-1850

Medium

Earthenware

Description

Moorish dish of lightly glazed, highly decorated earthenware. Made in Fes when it was the capital of

Morocco. Decorations are brown and green in colour on an off white background. The decoration consists of 2 brown semicircles one inside the other on the lip of the bowl. The inside of the bowl has a continuous line of arches with green circles inside, and a green smudge with a brown line around it at the bottom centre of the bowl.

Dimensions

Object/Work: 60 x 650 mm
