## Hook

**Date**  
1837-1901

**Medium**  
Wood, metal

### Description

"Pad" type hook, common for hessian sack handling throughout London Docks. T-shaped with 6 nails driven into the end as grips for picking up sacks. It has a wooden handle and an iron stalk. Engraved "T.W." (owner's initials) and "50" is stamped on the iron. Used at Butlers (Grinders and Operators) Limited, 11 Shad Thames, SE1. Removed from premises prior to development.

### Dimensions

Object/Work: 220 x 113 x 40 mm
