## Fan

### Date

1750-1900

### Medium

Tortoise-shell, paper, silk, paint, ivory, wood

### Description

Chinese fan. Made of carved wood with tortoise-shell fan sticks and guard. It has an elaborately decorated fan leaf, both sides depict a landscape scene with buildings and small figures. The surface is a composite of painted gouache and appliqued silk and ivory. This fan would be an export fan from trading between Asia and Europe.
