Basic Detail Report

Love & cherish

At last! From December 2005, you'll be able to tie the knot

Civil partnerships give same sex couples legal rights, privileges and responsibilities that are equal to those of straight married couples.

At Southwark we're delighted about the change in the law and want to do everything we can to make your day special and unique to you. As an added bonus, you can get hitched in some of the most spectacular venues in London, including: HMS Belfast, Tower Bridge and the Oxo Tower.

For more information about civil partnerships, or how Southwark can make your day special, visit www.southwark.gov.uk/civilpartnership or call 020 7525 7651.

Civil partnerships flyer

Date

2005

Description

This council flyer celebrates the achievement of civil partnerships for same sex couples alongside a campaign to attract couples from all over the world to come and hold their same sex ceremony in the London Borough of Southwark.
