

Southwark LGBT Forum

Date

1995 - 2011

Description

The Southwark LGBT Forum is a partnership organisation originally formed in 1995 as the Southwark Anti-Homophobic Forum, a panel including representatives from Southwark Council and local councillors working in

collaboration with Southwark Police to address problems of homophobia in the borough. Our collections for the Forum include materials from 1995-2011 covering their community outreach work and also project materials for LGBT History Month and Pride.
